

What does it mean to be a pastor?

Patiently answering a myriad of daily demands!

Answering God's call -- and a multitude of others!

Serving on the front lines of life's crisis and challenges!

Treating others better than you are treated, even when it doesn't make sense!

Orating about the Divine at a level where the determined can hear and understand!

Rightly dividing the Truth, and then disseminating the facts to the congregation and community!

Pastor,

*You do all of this and more. We just wanted to take a moment to say,
"Thank you and God bless you."*

Sincerely,
